123 perfect. I can say that I never had a problematic skin, acne, oily skin problems, but the last two months, since my mother is seriously ill, the stress has made some differences. Often I wake up with big dark circles, my eyelids are in purple tones and my chin has become a problematic area. Bourjois's latest foundation, '123 Perfect' claims to perfect your complexion with three different pigments: **1. Yellow** for dark circles **2. Mauve** for dull complexions **3. Green** for redness.

Another claim Bourjois makes is that the foundation offers 24hr hydration. I'm hard to put a word on that because I always use my daily cream for hydration, but I can say that it did not dry my skin out, as some other foundations, long lasting, did. Bourjois 123 Perfect Foundation claims to wear for 16 hours, I would say 8-9 hours is a more realistic statement if you're not wearing any primer under the foundation. This foundation comes in a glass bottle and it has a strong and high quality plastic pump. Standard packing of 30 ml and an SPF 10 will provide you a medium coverage that you can easily upgrade.

1 2 3 What I personally love about Bourjois powders is that Bourjois does not play too much with their shade numbers - and usually if you find a shade number in one line that fit you, you will probably find that same shade number in other lines and it will also fits you. As far as the shades themselves, the shade that suits me is No.52 Vanilla, which is the second of the brightest, and if I am not mistaken, I think that you can choose between 5 different shades. If you can find your shade, and you have normal or oily skin I believe you will be satisfied with this powder. Unlike some of Bourjois foundations this does not share the fruit scent, but has a more traditional foundation, make up scent. In Croatia, the price is 14 euros and it is best to use within 12 months from opening. In two months, how long I have been using this foundation I'm satisfied because it provides everything I need. I need a dose and a half when I'm using my fingers or two doses of pump when applied with a sponge. The image is not Photoshopped, on the face and I have only two products (moisturizer and foundation Bourjois 123 applied with make up sponge). <http://www.alteregostyle.com/wp-content/uploads/2012/06/B4070386.jpg>

Ego Style 123 perfect. Mogu re?i da nikad nisam imala problemat?nu ten, akne, probleme s masnom ko?om i sli?no, no zadnjih dva mjeseca, od kad mi je majka te?ko bolesna, stres je u?inio svoje. Nerijetko se budim s velikim podo?njacima, ljubi?asti tonovi kapaka su postali svakodnevnost, te mi je brada postala problemati?na podru?je na kojem izbijaju akne. Ovaj puder, po svojoj definiciji, sadr?i tri razli?ita pigmenta kako bi ispravio sve nepravilnosti na licu: **1. ?uti** pigmenti protiv tamnih kolutova ispod o?iju **2. Ljubi?asti** pigmenti za ten bez sjaja **3. Zeleni** pigmenti protiv crvenila Tako?er navode da je ovo formula koja ostaje na Vašem licu i do 16 sati, te da ju hidratizira svih 24 sata. Meni osobno puder nije ostao na mjestu 16 sati, ali solidnih 8 sati jest. ?to se ti?e hidratiziranja ko?e, na to mi se te?ko osvrnuti jer uvijek nanosim dnevnu hidratantnu kremu prije stavljanja pudera, ali ono ?to mogu re?i je da nisam imala problema sa isticanjem suhih djelova lica ?to neki puderi, koji tvrde dugu postojanost, rade. Puder dolazi u staklenoj ambala?i te ima dovoljno ?vrstu i kvalitetnu plasti?nu pumpicu. Standardno pakiranje od 30 ml i SPF 10 omogu?iti ?e vam srednje prekrivanje koje vrlo lagano mo?ete, po potrebi, nadogra?ivati. <http://www.alteregostyle.com/wp-content/uploads/2012/06/B4070386.jpg>

1 2 3 One ?to osobno volim kod Bourjois pudera jest to

što se ne igraju previše s nijansama i njihovim brojevima - pa najčešće ako pronađete nijansu koja Vam odgovara u jednoj liniji, vjerojatno će Vam ista nijansa odgovarati i iz druge linije. Što se samih nijansi tiče, meni odgovara nijansa 52 Vanilla, što je druga po redu od najsvjetlijih, a ako se ne varam, mislim da se kod nas može izabrati između 5 ili 6 nijansi. Ako pronađete svoju nijansu i imate normalnu ili masnu kožu vjerujem da ćete biti zadovoljne ovim puderom. Nisam sigurna za suhu kožu. Miris pudera je blag, ugodan i puput nježne kreme. Cijena je oko 110 kuna i najbolje ga je upotrijebiti unutar 12 mjeseci od otvaranja. U dva mjeseca, koliko koristim ovaj puder ja sam zadovoljna jer mi pruža sve što trebam. Najčešće ga nanosim spužvicom na pripremljeno lice za što koristim L'Oreal Triple Active Nutrition dnevnu kremu i rezultati su odlični. Najčešće koristim dozu i pol kada puder nanosim prstima ili dvije doze pumpicom kad nanosim spužvicom i trebam jače prikrivanje. Na slikama nije korišten program za uljepšavanje i na licu imam samo navedena dva proizvoda

prije

(hidratantnu kremu i Bourjois 123 tekući puder).
