

# REVIEW OF CATRICE ULTIMATE COLOR LIPSTICK OSVRT NA CATRICE ULTIMATE COLOR RUŽ ZA USNE

Posted on **May 08, 2012** by **Martina**

Lipstick - Catrice Ultimate Color No. 190 The Nuder The Better.  The packaging of this lipstick is plastic but solid, black, shiny, simple, minimalistic, and personally, I like it. ABOUT THE PRODUCT It provides a gorgeous finish with it's smooth, creamy texture, smells soft and sweet and has no glittering particles. This beautiful neutral shade with a slight pink undertone - won't wipe the color of your lips, nor make them blend into your skin tone, but it will give your lips a mild and gentle nude shade. This lipstick is ideal for different looks, from daily make-up to evening smokey eye. If you still want to give higher intensity of nude look to your lips, gently neutralize them with your concealer and then apply this lipstick - it will not dry out your lips, for they will be pretty moisturized.   Line of lipsticks is available in 16 different shades, each containing 3.8 grams and it is best used within 36 months after opening. PRICE, WHERE TO BUY The price of this lipstick is 33.90kn (4,5 euro) and can be purchased in all Kozmo drugstores in Croatia.  I definitely recommend this inexpensive,  quality product. Martina, Alter Ego StyleRuž za usne Catrice Ultimate Color broj 190 The Nuder The Better.   jednostavno, minimalisti?ko i meni osobno vrlo privla?no pakiranje. Dovoljno je ?vrsto iako je plasti?no. O SAMOM PROIZVODU Ruž je nježnog, neupadljivog mirisa, kremaste strukture i bez ikakvih svjetlucavih ?estica. Prekrasna neutralna nijansa uz blago ruži?asti podton - ovaj ruž ne?e izbrisati boju Vaših usana, niti u?initi od njih da se stope s Vašim tenom, ve? ?e dati blagu i sjajnu neutralizaciju jedne nježne nude nijanse. Idealan za puno look-ova, od svakodnevnog make up-a, pa sve do ve?ernjeg smokey eye-a. Jednostavno, s ovim ružem ?ete profitirati. Ukoliko želite ja?i intenzitet nude izgleda Vaših usana, blago ih neutralizirajte korektorom i potom nanesite ovaj ruž koji Vam ne?e isušiti

usne, ve? ?e ih lijepo hidratizirati.
