REVIEW OF L'OREAL FALSE LASH TELESCOPIC MASCARARECENZIJA L'OREAL FALSE LASH TELESCOPIC MASCARA

I think that this mascara is just perfection. It gives good lash with just one or two quick coats, keeps them voluminous and separate. This mascara wont clump your lashes or transfer on you skin.

I think that this is an amazing mascara with very intense, deep black finish. It stay all day long, and after Benefit They're Real, Diego dalla Palma Prima Visione and YSL Shocking/Feux Cils this may be my favorite (drug store) mascara at the moment. I just can't find anything negative and I would definitely recommend this mascara to anyone. L'Oreal False Lash Telescopic in action:

It's a very sleek packaging, looks a little futuristic, contains 9 ml and it is best to use within 6 months from opening. I bought it on 20% SALE for 75,99 HRK at Kozmo in Zagreb, Croatia. Did you already try this mascara? Do you have your favorite drug store mascara that you would not live without?

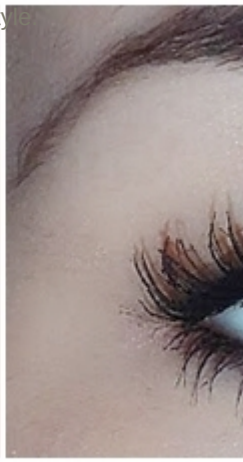

Mislim da je ova maskara jednostavno genijalna. Daje dobar izgled trepavicama u samo jednom sloju, odli?no se nadogra?uje, ne sljepljuje trepavice, jednako ih ?ini prividno duljima koliko radi i na pove?anju volumena. Ne gruda se, jako dobro razdvaja trepavice ?ine?i ih intenzivno crnima.

Mislim da je ovo jedna od najboljih maskara drogerijskog ranga, ostaje cijeli dan na trepavicama, ne razmazuje se po kapcima, ne iritira, jednostavno joj ne mogu na?i zamjerku i u ovom trenu mogu re?i da je u samom vrhu meni najdražih maskara uz maskare Benefit They're Real, YSL Shocking/False Clis i Diego dalla Palma Prima Visione. Velika preporuka!
