Two coat of CATRICE NAIL POLISH in color ACid

?DC. I have to say that I really like Catrice nail polish. Generally, when I think about nail polish, I like quantity, it is important to me that I have a lot of different nail polish colors. I became a big fan of this brand because of the affordability and solid quality. What colors of nail polish would you recommended to me from Catrice brand? Martina, Alter Ego Style

ACid ? DC. Moram reci da stvarno volim Catrice lakove za nokte. Dolaze u raznim bojama i ?esto prate trendove. Op?enito, gledaju?u na lakove za nokte, volim kvantitetu, bitno mi je da ih imam puno, puno razli?itih boja i tekstura. Upravo zbog toga, i naravno, svoje pristupa?ne cijene, postala sam veliki poklonik upravo ovog branda. Koju nijansu Catrice laka za nokte bi mi preporu?ili - koja je Vaša boja?
